Approval of October minutes: Correcting the comment about huge concerns (didn't have huge concerns) and having some OES families and teachers. The character parade for 3-5th should say it will be a vocabulary word 1st: Jose Caride 2nd: Amber Noseworthy

Five-Star: Linda and Amber went to the training- the first section deadline is this month. Much of this section is documentation. They will need help on the student community service section: 2 service learning projects that have a community service piece and a learning piece, which are led by students. Ms. Blum's class is doing a lot of work with the estuary. K-Kids might have lessons involved and possibly Girls on the Run. There needs to be a reflection piece involved as well. Mr. Diem does a gardening project with students in different grade levels. Our students are taking care of the gardens we could possibly invite parents in for an event. Girls on the Run has a community service event that is assigned to them.

Title One update: Fall Festival was a very successful family involvement event. OES Make a Difference Day were partnered with Anchor Faith was successful. Our Grand's Breakfast is next week (11/15). Anchor Faith is providing our teachers with a thank you luncheon (11/9).

AVID update: Mrs. Waldrop has visited classrooms and sees WICOR, SLANT, and reviewing of many AVID skills to incorporate it throughout our day. Corina Jahren will be sending out our AVID weekly to our teachers. AVID is included in our Paw Prints weekly.

Principal comments: Book Fair is here and it is Western themed. The last two weeks we have had schools from our county visiting our teachers implementing our Collaborative Classroom curriculum. Many staff were on conference calls with other schools in and out of county to ask for advice regarding the implementation of the Collaborative Classroom. All surveys and observations are complete for the accreditation and it is due in December.
